Day 3: Game Drive to the Ngorongoro Crater

On this day, it is best to leave the hotel as early as possible to maximize your chances of seeing the animals that are most active in the morning. Depending on whether you'd like to extend your safari time, breakfast can either be served at the hotel or packed in lunchboxes for you to enjoy on the go. At 7:00 AM, you will depart for Ngorongoro Conservation Area, and after about an hour, you will enter the crater.

Ngorongoro is one of the most famous and fascinating national parks in Tanzania, as it is home to the highest concentration of animal species per square kilometer. During your visit, you'll have the chance to see buffalo, elephants, lions, wildebeests, zebras, hippos, and feline species like caracals and servals. The luckiest travelers may even spot a rhinoceros, whose population is rapidly declining.

By lunchtime, you'll arrive at the lakeside, where lunchboxes will be provided. After lunch, you can either continue the safari or begin your drive back to your hotel in Arusha - whichever you prefer!
